## La Salle's Early Achievement Program

### YOUR PATH TO COLLEGE BEGINS NOW!

La Salle's Early Achievement Program (*LEAP*) gives high school students the opportunity to earn up to 30 college credits during their junior and senior year of high school.

This innovative dual enrollment program allows students the opportunity to earn dual credit for their college courses to meet the requirements for their high school degree.

### CURRICULUM

*LEAP* curriculum is organized in three academic tracks. All three tracks expose students to strategies for college level learning, student success, and career preparation.

- Exploratory Studies** – This track is ideal for those students who have diverse areas of interest, wish to explore courses from a range of majors, and want a jump start on the core curriculum La Salle and most other colleges and universities require.
- Health and Human Services** – Important subjects with a wide range of applications, the Health and Human Services track introduces students to the worlds of public health, science, psychology, human development, and ethics.
- Science, Business, and Technology** – The Science, Business, and Technology track offers students the chance to explore a variety of courses within separate yet related disciplines and learn how these subjects interconnect to form new pathways for their future.

### PROGRAM FORMAT

#### Fall and Spring Semesters

- Courses are taught remotely either from a student's high school throughout the school day or another remote location as needed
- Courses may count for dual credit to meet the requirements of the high school degree

#### Summer Semesters

- In-person courses taught on La Salle University's campus

#### Cohort-based

- Students will take La Salle courses with other high school students building a cohort model to enhance relationships in and out of the classroom

	Summer @ La Salle	Fall Online	Spring Online
<b>Junior Year</b>	6 credits (2 courses)	3 credits (1 course)	3 credits (1 course)
<b>Senior Year</b>	6 credits (2 courses)	3 credits (1 course)	3 credits (1 course)
<b>Pre-College</b>	6 credits (2 courses)		
<b>EARN UP TO 30 CREDITS PRIOR TO STARTING COLLEGE!</b>
